AUGUST 2013

## THE TOP 10 REASONS *NOT* TO DONATE

Recently, the PEF sent a survey to school families about our programs and fundraising efforts. We received a lot of positive feedback, but also some apprehensions about donating to PEF. We share below the top 10 reasons people mentioned they don't donate and address some of these concerns. We always appreciate constructive comments, so if you have any input, please contact us. As always, thanks for your support!

### **1** I PAY FOR THE SCHOOLS THROUGH MY PROPERTY TAXES.

Your basic property taxes go to Sacramento and only a small portion comes back to our schools. The parcel tax designated for schools does stay local, but it's much less than what is needed to keep our schools among the best. Other high performing districts have a parcel tax for schools ranging from \$1,000 to \$2,500 – that's three to six times as much as our parcel tax (\$382 per parcel)! We shouldn't take our great schools for granted because we pay property taxes. Our PVPUSD schools are one of the reasons families move to the Palos Verdes Peninsula. Trulia.com ranks the PVPUSD as the third most sought after school district in Los Angeles after La Cañada and San Marino - each of which have far fewer school sites to fund than we do.

### **2** I GIVE DIRECTLY TO MY CHILD'S SCHOOLS/ PTA/ BOOSTER CLUB

Indeed, all of these groups are important in assuring a world class education. But, PEF is the only organization that can raise funds for salaries. PEF pays for people. Why is this important? Because in survey after survey, parents care about class size only second to school safety. And though some insist that class size doesn't matter, PEF believes that

smaller class sizes translate into a more effective learning environment and allow teachers to pay more individual attention to each child. PEF also supports *ALL* schools in the district equally. Why does this matter? If your child is in elementary school, he/she will soon benefit from the quality of the intermediate and high schools. In addition, we all know other school districts that have one or two good schools but don't have the quality throughout, leaving parents to make a decision about moving or switching to private school at some point. Each school in the PVPUSD is highly regarded; an incredible 17 schools! No other academically comparable district holds a candle in terms of number of school sites to support! Manhattan Beach has 7 school sites. La Cañada only has 4! Yes, PTAs and Booster Clubs are important but they pay for site specific needs like materials, field trips, athletics and more. PEF helps maintain the quality of the entire PVPUSD by supporting every school, every child.

### **3** I CAN'T AFFORD TO BE A MAJOR DONOR

Most of our donors *are not* major donors (\$1,500 or more annually). Did you know that PEF's suggested donation amount is \$500 per student? Other education foundations have a

much higher suggested donation amount. San Marino's Education Foundation suggests \$2,000 per child and Manhattan Beach Education Foundation asks for \$1,250 per child. Although we suggest \$500 per student, we appreciate any donation you can give. It takes everyone's support to keep our schools great. We're also happy to set up automatic monthly payments to make your donation as easy as possible for you. The important thing is that your family participates by giving what you can.

**4 I DON'T KNOW WHERE MY MONEY TO PEF GOES.**

It's simple. We pay for staff at school sites – including more teachers for smaller class sizes overall, music teachers, counselors, library/ technology aides, P.E. teachers, and College & Career Center staff. Plus we pay costs associated with the middle school and high school STEM programs. How can you be sure? We receive reporting from the district on the cost of the school site positions we fund and we see receipts for engineering program related expenditures. We have financial accountability information on our website as well as audited financials available upon request. The Foundation's expenses are also kept to a minimum with rent free office space; 34 volunteer Trustees providing pro bono expertise in a wide range of areas; and donations of food and venues for receptions and outreach events. We also follow all IRS regulations for 501c3 nonprofits and conduct an annual financial audit.

**5 I'M NOT HAPPY WITH THE WAY THE DISTRICT IS RUN SO I WON'T GIVE. I WANT TO SEND A MESSAGE.**

PEF is not part of the school district. Withholding a donation won't have the desired effect because PEF does not intercede with regard to curriculum, particular personnel or other matters not related to fundraising for our schools. All parents have a direct route they can take to express concerns -- they can go to the elected school board and school district administration. By not donating you are only

hurting your child and everyone's children's chances at having the best education possible in our PVPUSD schools.

**6 MY CHILDREN ALREADY GRADUATED**

Congratulations! Did you know that 10% of our donors are alumni parents? Some families donate for decades after their children have graduated because they are grateful for what their children received from PEF and the PVPUSD. Many also recognize that their property values are supported by keeping our schools great.

**7 I DON'T DONATE BECAUSE I'VE BEEN DISAPPOINTED BY A PROGRAM AREA FUNDED BY PEF**

You donate and of course you want to see results. So do we. You've seen class sizes go up at the same time that PEF is funding \$1.5M in teaching positions to keep class sizes smaller. The problem is that state funding cuts have been so drastic for so many years that the cuts each year have out-paced our fundraising. We do have smaller class sizes in our district than would be possible with state funding alone. Imagine if PEF did not provide funding for additional teaching positions. 3rd grade classes of 45 are not unheard of in Los Angeles. The solution is to donate, not to withhold a donation. Regarding the quality of a program we fund, we want to hear from you. We survey all donors periodically to learn which programs are meeting parent expectations. We want to provide funding for the programs you care about and provide enough funding to make them the best possible.

**8 PROPOSITION 30 PASSED - PROBLEM SOLVED**

Proposition 30 is a temporary, six year measure, that prevented \$6 million in additional cuts to our schools. Unfortunately, it wasn't a cure-all and it did not provide additional funds for our schools.

**9 AS LONG AS PARENTS IN DISTRICTS LIKE OURS DONATE, THE GOVERNMENT WILL NOT FUND SCHOOLS AS IT SHOULD.**

School funding has been a problem in California for over 30 years. If we wait for Sacramento to fix it, we could be waiting a very long time. Not donating won't make the government change its funding formula; not donating only hurts the students in our schools. Many people are unaware that the PVPUSD has tried to affect change in Sacramento. For years, a group of PVPUSD parents visited our state representatives in Sacramento to lobby for a change in the State's education funding formula. Our pleas went unheard. We need to be proactive and continue supporting our PVP schools. Your child only has one chance at a great education. Waiting for the government to solve its problems first will only harm your child, and our entire community.

**10 I ALREADY SPEND SO MUCH ON MY CHILD'S ACTIVITIES, TUTORING AND SPORTS**

Your child's school day is their educational foundation, not an extra. And it's not the extras that define our community; it's the emphasis PV residents place on education. Our schools are the backbone of our community. They bind us together and attract families, like ours, who care about the quality of our schools. It's in our interest and our children's interest- to maintain the academic excellence our schools are known for. **Please consider a donation to PEF. Visit [www.pvpef.org](http://www.pvpef.org) or simply mail your donation in the envelope provided. Thank You!**

**PEF BOARD OF TRUSTEES 2013-2014**

OFFICERS

**NEW FOR FALL: PEF FUNDS P.E. AT PVPUSD ELEMENTARY SCHOOLS**

If you noticed parents helping with PE lessons at elementary schools in the last year, you're not alone. PEF noticed too and we've stepped up to help! Beginning this 2013-2014 school year, PEF will fund Physical Education teachers at each of our ten elementary schools!

The PE program will be aligned to California Physical Education content standards, using SPARK, a program supported by the Heart, Lung, and Blood Institute of the National Institutes of Health. SPARK PE was designed to be more inclusive, active, and fun than traditional PE classes and after 20 years of research and field testing nationwide, SPARK PE has been found to be one of the

best physical education programs in the world. The positive effects of SPARK PE include:

- Academic achievement
- Fitness Achievement
- Sport skills development
- Enjoyment of PE
- Increased physical activity
- Improved teacher instruction

Students also benefit from PE instruction because teachers are able to use the extra time in the classroom for lesson preparation and review of materials.

## BRIGHT SPOTS & NEWS FLASHES

### LUCKY MOM WINS A NEW SET OF WHEELS

Barbara Dancy won this year's 2013 Peninsula Education Foundation (PEF) Lexus Raffle. The winning ticket was drawn at the Main Event, PEF's annual fundraiser held at Terranea Resort on May 11, 2013.

Toyota generously donated a 2013 Lexus RX 450 Hybrid to support PEF's fundraising efforts for the 2012-2013 school year. This year's Lexus raffle was able to raise \$53,000 in ticket sales that will go towards funding teaching positions and other important programs in our schools.

Pictured at right, Michael Rouse, Vice President of Philanthropy and Community Affairs of Toyota Motor Sales USA, presents the car and Lexus key to raffle winner, Barbara Dancy. Deidre Manns, President of the Peninsula Education Foundation stands to the left along with Barbara's son, Ryland Dreibelbis, a 2013 graduate of Palos Verdes High School.

### SAM GOLDBERG AWARD WINNER: DONNA COOGAN-SEGAL

Each year the PEF presents the Sam Goldberg Award to an individual or organization in recognition of exceptional volunteer efforts in support of the youth of the Palos Verdes Peninsula. The eponymous award is named after the first President of PEF. This year's recipient, Donna Coogan-Segal, has given so much to the PVP community, schools and its youth.

Donna has been a PTA Executive Board member at Vista Grande, Ridgecrest and Peninsula High for over 12 years. She's also been an Executive Board member of the Athletic and Drama Boosters at Peninsula High. In addition, Donna has served on the PEF Board of Trustees and worked as Chair or Co-Chair on several District campaigns including, Measures R & S, P, V, and M.

### DON'T JUST TALK THE TALK, WALK THE WALK

Mark your calendars for the 5th annual Skechers Pier to Pier Friendship Walk on Sunday, October 27th. Each year the number of Peninsula residents walking for PEF has increased, resulting in more funds for our schools. Last year your efforts resulted in a check from Skechers for over \$100,000!

Come join us for a beautiful walk from Manhattan Beach Pier to Hermosa Beach Pier and back. Together we'll help keep our schools great.

Visit [www.skechersfriendshipwalk.com](http://www.skechersfriendshipwalk.com).

## WHAT DOES PEF FUND?

PEF has pledged \$3 million to the PVPUSD for the 2013-2014 school year. As you can see below, PEF funds people and programs that are essential to maintaining the quality of our school district.

**More Teachers** Only PEF can raise these funds; PTA's and Booster Clubs cannot. PEF is committed to supporting the district's efforts to keep class sizes reasonable. Surveys have indicated that parents rate class size only second in importance to school safety!

**Teacher Grants** PEF's Chuck Miller Grants allow teachers to receive funds (up to \$1,000 each) to offer projects that promise a unique learning opportunity for students. Any teacher in the PVPUSD is eligible to apply.

### ELEMENTARY SCHOOLS

**NEW! P.E. Program** Physical education is an important part of the school day at the elementary level. Students will participate in a comprehensive program that aligns with California curriculum, and will be taught by credentialed P.E. teachers at each school.

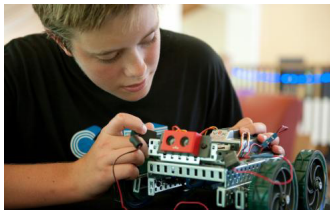

**Music Programs** From Kindergarten classroom music to choral music and instrumental music, it's important to put music in our students hands (and minds) early and often. It has been well-documented that early music education helps improve math performance.

**Library & Media Assistants** are essential for elementary schools to keep libraries open and to keep computer labs running and accessible. In addition, Library and media aides teach our kids how to research, a skill they'll use for a lifetime.

### INTERMEDIATE SCHOOLS

**Counselors** help students with their academic and class schedules, and make certain they have the skills necessary for success in intermediate school. The Safe Schools program is a large part of the intermediate counseling services and includes programs on topics ranging from bullying prevention to drug and alcohol abuse prevention programs and parent education talks on issues facing our pre-teens and teens. This is important at a crucial time in our student's growth.

**STEM** (Science, Technology, Engineering and Math) The STEM program offers classes ranging from Design and Modeling to Robotics and Space & Flight in preparation for our district's award winning high school engineering programs.

### HIGH SCHOOLS

**Counselors** help students and parents acquire necessary information to set goals and make decisions regarding scheduling and academic planning. Academic Counselors also help identify students at academic risk. They offer counseling, programs and parent education talks to help students develop executive level functioning skills like self-advocacy and time management.

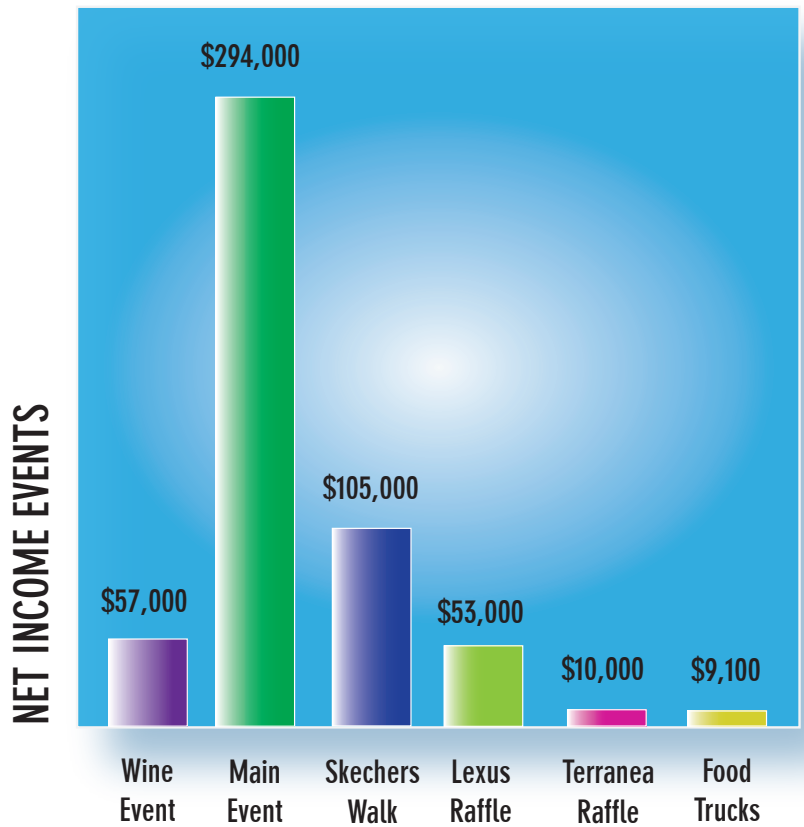

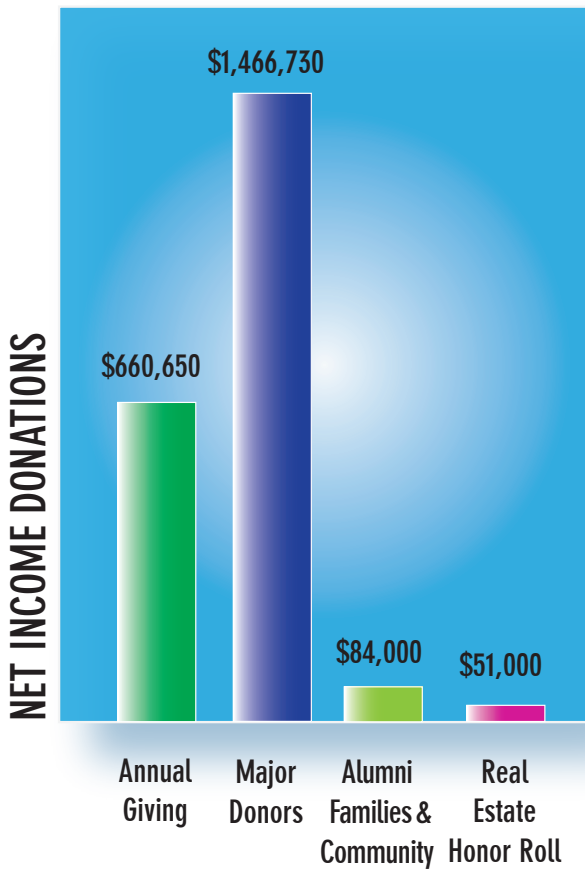

**College & Career Center Staff** provide a full range of college admission information and activities including guidebooks for parents, College Admission Testing study guides and practice tests, financial aid and scholarship information, career guidance and workshops for parents and students throughout the year. Our outstanding College & Career Center staff also arrange for

Admissions Representatives to visit our high schools from over 100 colleges and universities.

**Engineering Programs** PVIT (Palos Verdes Institute of Technology) at Palos Verdes High School and SMERT (Science, Math, Engineering and Robotics) at Peninsula High are some of the most highly regarded high school engineering programs in the nation, regularly producing competition teams that place well, often higher than university teams. This seven class series meets UC/CSU requirements and has launched many of our graduates into prestigious university engineering programs.

# WHERE DOES PEF'S MONEY COME FROM?

*\* Graphs contain unaudited financial information*

## FAST FACTS

How your donations impact our students.

**2,712**  
Students in elementary music

**12,000**  
Students in the PVPUSD

**98**  
Percent of PVPUSD Students go to College

**785**  
Students in STEM (Science, Technology, Engineering, Math)

**3 million**  
PEF goal for this school year

**3,673**  
Students meet with High School Counselors

**55**
